

### **Mother's Day Trip to Jamaica**

Tenneva Jordan, author and mother, once quipped: "A mother is a person, who seeing there are only four pieces of pie for five people, promptly announces she never did care for pie." This wonderful quote embodies a mother's selfless nature and evokes the countless sacrifices and unconditional love these special women pour out every day.

Although we officially honor mothers in May, it's never too early to start planning a Mother's Day trip to Jamaica. This month, we have some great packages to pamper moms, whether vacationing with the entire family, or escaping for a romantic getaway just for mom and dad.

In addition to being a perfect show of appreciation for mothers, these packages offer great value for those still planning a last minute spring break holiday. Check out the selection that follows, and please click on the links for full details.
